Retail Sales, Bulk Merchandise - One (1) space for every 250 square feet of floor area.

Conditional Uses - Parking requirements for conditional uses are minimum requirements; the Board of Adjustment may require additional

parking, as needed.

Combinations - Combined uses shall provide parking equal to the sum of individual requirements.

8-21(o) Special Provisions:

1. All buildings and structures shall be at least one hundred (100) feet from any residential zone, unless the portion within that distance has no opening except stationary windows and doors which are designed and intended solely for pedestrian access.
2. Landscape buffer areas shall be required as set forth in Article 18.
3. An Office/Warehouse mixed-use project may be permitted by the Planning Commission upon the approval of a final development plan, as provided in Article 21 of the Zoning Ordinance, and subject to the following requirements:

In addition to the uses permitted in Article 8-21(b), the following uses shall also be permitted in an Office/Warehouse Project:

As principal permitted uses:

- a. Offices, laboratories and data processing centers, limited to a maximum of 75% of the floor area of the building or project. This square footage limitation shall not apply if the project is located within the defined Infill and Redevelopment Area.

As accessory uses:

- a. Drive-through facilities for the provision of services allowed in an Office/Warehouse mixed-use project;
- b. Dwelling units for on-site security personnel.

4. Adaptive Reuse Projects may be permitted by the Planning Commission upon the approval of a final development plan, subject to the following requirements:

- a. The property must be located in or adjacent to, or across a public right-of-way from, the defined Infill and Redevelopment Area. The area of the Project will be defined by the development plan and may include noncontiguous properties that can function together as an interrelated development.
- b. The Project must include at least one existing building that will be adaptively reused as a principal structure.
- c. The applicant shall provide documentation demonstrating that the Project meets at least three of the following criteria:
 1. It will incorporate sustainable features such as LEED Certification, "green" infrastructure, alternative energy or other innovative design or system.
 2. It will include a structure individually listed on the National Register of Historic Places or is
